

Global Variables

```
graph LR; A[Bit positions used for the trans_diff_ctrl field in messages] --> B[Global Variables]
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains the text 'Global Variables'. The box on the right is gray with a black border and contains the text 'Bit positions used for the trans\_diff\_ctrl field in messages'. A black arrow points from the right side of the gray box to the left side of the white box.

Bit positions used  
for the trans\_diff  
\_ctrl field in messages
